Product Description

Hospital Grade Power and USB Charging Pop Up Box. The Lew Electric VHPU.SS.2USB is pop up charging box with a hospital grade power outlet, it has a very nice and durable stainless steel colour to match the look of most rooms. It features two USB charging ports and two 20-amp power receptacles to handle your power and charging needs. The 2 USB charging ports share 3.6A and are smart ports, they automatically adjust to your device to charge the perfect amount. The box has a waterproof gasket under the bezel to keep water out, tamper proof outlets, and is ETL listed; perfect for hospitals. Keep your guests' laptops, phones, and tablets always charged with the VHPU.SS.2USB. To open simply push the button and hold until it is fully open and the latch will keep it locked in the tilted position so you can plug in your power, to close push the button again and push shut until it latches. The VHPU.SS.2USB is an affordable solution to hide power in a variety of settings where you need power and USB charging ports including; waiting rooms, patient rooms, and much more. Installation is easy and allows this to be installed almost anywhere on any table surface, simply cut your hole and drop the box in and secure with 2 screws. The power must be hardwired to the outlet in the table box, please consult an electrician.
