

## PART# 11901 - Caddy Mac #1

### DESCRIPTION

The Caddy Mac #1 transports spools on spindles and works as a dolly. Wire is dispensed while laying flat.

### Product Features

- Accommodate a wide range of spool sizes.
- Wire guides for smooth feeding from the spool.
- Patented spindle locking system - spindles stay put during transportation.
- 1/4" solid spindles are attached to Caddy Mac cart...no loose pieces.
- Spindles wing out to set position for convenient loading of wire spools.
- Spindles store in special loops...will not fall out even during transportation.
