Product Features

The TT500 is a NMSC/Romex connector that installs from inside and outside the box. Suitable for all 1/2 in. knockouts. Fast and Easy. No tools required. Just squeeze and snap them into the desired knockout to secure your wires as they enter the enclosure. Tom 2-Way Romex connectors are perfect for old work and new work. They're especially helpful in retrofit situations.

The RAT500 (1/2") and RAT750 (3/4") are NMSC connectors.

- Snaps into place in 2 seconds, saving time and labour costs
- Easily removed from knockouts
- Easy removal of Non-Metallic cable from connectors (1 or 2 wires)
- Easily installed in confined and tight areas - i.e. - down lights, panels close to studs and high ceiling installations
- The RAT500, RAT750 and TT500 are UL & CSA approved
- 1 or 2 wires (RAT750 is 1 wire only)
- 60 lb. pull test
- V0 fire rating
