Product Features

- Saves time installing pot light rough-in plates
- Magnetically attaches to recessed light rough-in plates
- Aligns perfectly with your plumb laser for precise light positioning
- Holes for tracing 3", 4", and 6" circles

Instructions

1. Mark your potlight grid on the floor of your room
2. Set up a laser on the floor in the center of the potlight location
3. Attach Laser Buddy to the rough-in plate
4. Use the laser to line up the tool so that the laser dot is in the center mark of the Laser Buddy
5. Screw your rough-in plate to the nearest joist
