Product Material	Metal	Metal
Product Type	Wire Dispenser on wheels	Large wire dispensing cart on wheels
Color	Yellow	Yellow
Country of Origin	Canada	Canada

Product Features

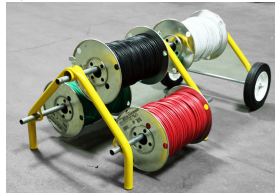

The E-Z Roll Wire Rack is the ultra compact and collapsible wheeled wire dispenser. When you're ready to pull wire, wheel the E-Z Roll into position and dispense wire directly from your pipe bender or 1" EMT. Collapsible for easy storage and handling.

- Rigid steel construction.
- Light-weight design.
- Durable "caution yellow" finish.
- Compact (fits in any job box).
- 150 lb. Load tested.
- Holds reels up to 18" (can handle 24" in the middle of the conduit depending on spool hole size).
- Compatible with #10 roll of BX cable and works while positioned in a Q deck.

Assembly Instructions

- Hammer axle into pushnut (until bottom comes out)
- 2A) Drop wheel on axle (Hub Up)
- 2B) Slide frame down over axle
- 2C) Place second wheel on (hub down)
- Hammer pushnut into axel until it strikes hub cap (this may take a couple of firm hits)

Mfg. Note: The latest versions of the E-Z Roll have built in loops to allow you to extend your E-Z Roll with the E-Z Roll Multi Part# 55456.

Product Features

The Big E-Z utilizes the same design and great features as the original E-Z Roll while allowing you to dispense larger wire spools.

- 300 lbs. load tested.
- Rigid steel construction.
- Light-weight design. Compact (fits in any job box).
- Holds up to 32" spools.
- 18 1/2' from floor to middle of hole.
- Conduit is not included.
