Product Features

The Chip Catcher clamps to either the bottom or top of a metal surface using rare earth magnets to catch the metal shaving as you drill, leaving you with a quick and easy cleanup

- Rare earth magnets stick to any metal surface.
- Protect valuable components from metal shavings.
- Save yourself from having to clean shavings after drilling.
- Compact, light-weight design for easy storage.
- Inside diameter of the larger hole is 2".

Product Instructions

To catch fillings underneath the drilling surface: Align Chip cup opening with the same end as the magnets. Insert the included Plug into the bottom of the cup. Attach Chip Catcher underneath drilling zone magnet side up.
