Product Features

- The Javelin includes the attachments needed to convert a threaded rod to an extension drill bit. Drill at multiple lengths depending on how long you cut your threaded rod.
- It is the tool that is changing the way you can drill holes. Never get caught in a drilling extension jam again!
- This all-in-one extension drill can reach up to 10 feet. It comes with a fully adjustable hole cutter and auger bit extension kit. Just cut a 3/8" – 16 threaded rod to any length you need.
- Kit includes: Drill attachment, hole saw arbor attachment (3/8), 1/4" driver/drill bit attachment, nuts, and 6" piece of threaded rod
- Holds driver bits, nut drivers, drill bits, reaches up to 10 feet long.
- Please Note: Spade, Auger and Hole Saw bit not included in kit.
