Product Description

- Simply clip onto your oscillating multi-tool and you're ready to go! Make quick work of your hole cutting without the risk of damaging your wire.

Product Features

- Pull your wire stub through the holes in the saw during cutting without causing any damage.
- Reduce the strain on your wrists caused by standard battery drills.
- Less dust, less mess. Cut cleaner holes than a standard hole saw.
- Available in 3 3/8" to cover the most common recessed lights.
