Product Features

Alignment tabs reach across wood/metal studs to level low voltage outlets with A.C. boxes. If you are fussy about your rough-in layout, the Level Jack makes life easy. If you are not, no one will notice because you can't screw up with the Level Jack.

Just clip it on to the AC box and screw it down. No level, no tape measure, no special boxes, no special fitting required. Level Jacks fit most AC boxes.
